Jack R. Reeves,
Chief Electoral Officer.

And the House having met;

His Honour the Lieutenant-Governor, having entered the House, took his seat on the Throne.

Hon. Mr. MERCIER then said:

"I am commanded by His Honour the Lieutenant-Governor to state that he does not see fit to declare the cause of the summoning of the present Legislature of this Province until a Speaker of this House shall be chosen according to law."

His Honour the Lieutenant-Governor was then pleased to retire.

Hon. Mr. LYON, addressing himself to the Clerk, who stood up, pointed to him and then sat down, moved, seconded by Mr. SCHREYER:

THAT Harry E. GRAHAM, Esquire, Member for the Electoral Division of Birtle-Russell, do take the Chair of this House as Speaker.

And the Question being put,

The Clerk declared the motion carried in the affirmative, and Hon. HARRY E. GRAHAM, Member for the Electoral Division of Birtle-Russell, duly elected to the Chair of the House.

And the Clerk having declared Harry E. GRAHAM, Esquire duly elected, he was conducted to the Chair by Hon. Mr. LYON, Mover, and Mr. SCHREYER, Secunder, and invested with the Speaker's robes of office, when he returned his humble acknowledgements to the House for the great honour they had been pleased to confer upon him by choosing him to be their Speaker as follows:

"Honourable Members of the Thirty-First Legislature:

I am not unmindful of the honour which you have conferred on me today in electing me to the highest office within the gift of the Assembly - that of your Speaker and your servant.

It will be my aim and duty to uphold the principles and traditions of the House and secure for each member the right to express his or her opinions within the limits necessary to preserve decorum; to recognize the Rights and Privileges of the Honourable Members, the Political Groups and the House itself; to facilitate the transaction of the Public Business in an orderly manner and, above all, to seek to be fair and impartial in the decisions you entrust to me.

If these are your objectives, and I believe they are, I ask your patience and co-operation in approaching them.

I deeply appreciate your actions in elevating me to the Speaker's Chair; with your assistance I hope to fulfill this commitment with dignity and honour."

And thereupon took his seat in the Speaker's Chair.

And the Mace was laid upon the Table.

His Honour the Lieutenant-Governor, having re-entered the House, took his seat on the Throne.

Mr. Speaker then spoke to the following effect:

"May it please your Honour:

The Legislative Assembly have elected me as their Speaker though I am but little able to fulfill the important duties assigned to me.

If in the performance of these duties I should at any time fall into error, I pray that the fault may be imputed to me and not to the Assembly, whose servant I am, and who through me, the better to enable them to discharge their duties to their Queen and Country, hereby humbly claim all their undoubted rights and privileges, especially that they may have freedom of speech in their debates, access to Your Honour's person at all reasonable times, and that their proceedings may receive from Your Honour the most favourable considerations."

Hon. Mr. MERCIER then said:

"Mr. Speaker

I am commanded by His Honour the Lieutenant-Governor to declare to you that he freely confides in the duty and attachment of the Assembly to Her Majesty's person and Government, and not doubting that their proceedings will be conducted with wisdom, temper and prudence, he grants, and upon all occasions will recognize and allow their constitutional rights.

I am commanded also to assure you that the Assembly shall have ready access to His Honour upon all reasonable occasions, and that their proceedings, as well as your words and actions, will constantly receive from him the most favourable consideration."

His Honour the Lieutenant-Governor was then pleased to open the Session with the following gracious speech:

**MR. SPEAKER AND MEMBERS
OF THE LEGISLATIVE ASSEMBLY OF THE PROVINCE
OF MANITOBA:**

I welcome you to the First Session of the Thirty-First Legislature of the Province of Manitoba.

You will be asked to approve a measure to set the overtime rate of wages in Manitoba at a rate 1.5 times as great as that ordinarily paid for work done.

Certain amendments to The Gift Tax Act and The Succession Duty Act will be recommended for your approval - as will amendments to The Mineral Acreage Tax Act. You will also be asked to make provision for the costs incident to this Session.

Je prie le Seigneur qu'il vous guidera dans vos délibérations et dans vos décisions.

The House resumed the Adjourned Debate on the Proposed Motion of Mr. ORCHARD:

For an Address to His Honour the Lieutenant-Governor in answer to His Speech at the Opening of the Session.

And the Proposed Motion of Mr. SCHREYER in amendment thereto as follows:

THAT the motion be amended by adding to it the following words:

BUT this House express its regrets that the Government has, with the one exception that has time urgency, given a first priority to five measures that will:

(1) Change the impact of taxation in Manitoba and increase the relative burden of taxation on lower income groups by providing tax relief to those who have greater ability to pay, thereby detracting from equitability at a time of budget revenue difficulty;

(2) During a period of increasing unemployment, create undue incentive to Manitoba employers to utilize overtime hours at the expense of numbers of unemployed persons potentially employable;

(3) Perpetuate a system of law relative to husband and wife which has proved to be complicated, uncertain, demonstrably inequitable, and in need of reform.

And the debate continuing on the Amendment,

JOURNALS OF THE LEGISLATIVE ASSEMBLY OF MANITOBA

SECOND SESSION, THIRTY-FIRST LEGISLATURE

WINNIPEG, THURSDAY, 16th MARCH, 1978.

2:30 O'CLOCK P.M.

This being the first day of the meeting of the Second Session of the Thirty-First Legislature of the Province of Manitoba convoked by Proclamation of His Honour F. L. JOBIN, Lieutenant-Governor, for the dispatch of business, and the Members of the House being assembled,

His Honour F. L. JOBIN was pleased to open the session with the following gracious speech:

MR. SPEAKER AND MEMBERS OF THE LEGISLATIVE ASSEMBLY OF THE PROVINCE OF MANITOBA:

I welcome you to the Second Session of the Thirty-first Legislature of the Province of Manitoba.

My Ministers inform me that they are committed to the restoration of confidence in the Manitoba economy and to that end my government has reaffirmed its belief in the fundamental importance of a strong and competitive private sector. In the same connection my Ministers recognize the dependence on a growing private sector in our mixed economy to generate wealth and to create permanent employment opportunities, particularly for the young people of our province.

My Ministers are aware of the duty they have to advance current questions of national unity in order that our province may be able to play her traditional role as a moderate voice among the provinces. They will be giving careful study to any constitutional proposals which may be put forward and will in particular give thoughtful consideration to those proposals bearing on the legitimate aspirations of the people of Quebec as part of a united Canada.

A ce propos, mon gouvernement compte sur la communauté francophone du Manitoba pour soutenir son rôle traditionnel de représenter le fait français dans la vie globale de notre province.

My Ministers are confident that despite the slow growth of the Canadian economy, the initial steps to recovery have already been taken in Manitoba.

My Ministers anticipate general but modest improvement in Manitoba's economic performance over the coming year. All Members should be aware, however, that the prospects for significant improvement over the longer term depend heavily on moderation of expectations in all sectors of the economy. With the implementation of the decontrol process, there is real risk that some groups may not exercise the responsibility which the times demand.

My Ministers are considering an appropriate policy to complement federal initiatives in ensuring that total public sector compensation does not exceed comparable private sector equivalents. Consistent with this compensation policy, a measure will be presented to freeze the amount of the Members' indemnity in the coming fiscal year.

By providing leadership through continuing public sector restraint, my government is confident, as all eleven senior governments recently agreed at the First Ministers' Conference, that market forces will operate, and should be allowed to operate to help keep price and compensation increases at levels which will not increase inflationary pressures.

My Ministers inform me that inflationary pressures continue to be a threat to our economy. Manitoba's prospects are also inexorably linked to those of the rest of Canada. National prospects depend on effective leadership by the federal government in spending restraint and responsible monetary and economic policies. Prospects for significant economic expansion in Canada and Manitoba, higher employment levels, and better price performance, therefore, will only follow sound economic leadership.

My Ministers tell me that through the thoughtful exercise of fiscal prudence, made especially necessary by a much larger deficit than was earlier predicted, and through actions designed to restore confidence in the economy of Manitoba, they are demonstrating the provincial leadership required at this point in time. My government will continue to develop policies and programs to further expansion of our economy for the betterment of all Manitobans, with the realization that only with continued economic growth and the generation of wealth will it be possible to increase funding and expand social programs required by those in need in our society.

My Ministers inform me that the revenues of the province in this fiscal year now concluding will not be as large as initially forecast. To ensure that programs are approved and funds are dispersed in a manner which is fair, efficient, and equitable to all our citizens, my Ministers are committed to a thorough review of the spending estimates based on legitimate priorities of the province.

While the province is giving support to urban and rural municipal councils, those local governments are also being asked to exercise restraint in their expenditure and taxation plans. It is my Ministers' belief that despite the critical financial situation of the province, legitimate programs and services for our citizens can and will be adequately provided, particularly to those citizens in need.

My government proposes to institute a review of provincial accounting and financial reporting systems, including the requirement of quarterly fiscal reports and a change in the estimates procedure ensuring greater accountability to the Legislative Assembly.

My Ministers will be introducing legislation to effect the reductions in the personal and small business income tax rates announced at the last session. This represents the beginning of the government's commitment to implementing a more competitive tax regime in our province. In addition and consistent with my government's policy of maintaining equitable levels of taxation for low and middle income senior citizens, amendments to legislation will be introduced which will provide further relief from education taxes on property for these citizens.

In view of the fixed date of termination of the Anti-Inflation Board and before the end of Phase III of rent controls, my Ministers will recommend an appropriate program for rents in the post-control period, giving particular consideration to the needs of persons of low or fixed incomes.

A measure will also be laid before you to amend The Personal Investigations Act.

My Ministers inform me that they have recently announced details concerning the direct dialing facilities that will be available to Manitobans wishing to make overseas telephone calls. This is a noteworthy and significant achievement in our communications system.

My Ministers inform me that they will be taking early action to provide for more comprehensive energy planning policies and to clarify the roles of the Board of Manitoba Hydro and the Public Utilities Board under existing legislation in order to provide a more complete framework of energy planning, production, and pricing.

My Ministers assure me that they propose to recommend continuing financial assistance to major urban projects in such areas as transportation, road building, housing, social services, and recreation facilities. Amendments will be introduced to The City of Winnipeg Act.

In spite of restrictions on provincial expenditures in the next fiscal year, my Ministers propose to recommend \$12.2 million of new capital expenditure on health facilities. These will include expansion of the Manitoba Cancer Treatment and Research Foundation in co-operation with the Canadian Cancer Society and the Manitoba Cancer Foundation, as well as a new facility to house the Cadham Public Health Laboratory.

This capital program will also include upgrading of the hemodialysis self care unit at the Health Sciences Centre, appropriate responses to fire code requirements in health facilities throughout the province and contingency repairs to various health facilities.

As a further commitment to the maintenance of excellence in critical health fields, my Ministers inform me that they will be recommending budgetary initiatives through the Manitoba Health Services Commission to expand the open heart surgery unit at the St. Boniface General Hospital.

My Ministers tell me that they have concluded the negotiation of changes in federal cost-sharing of social services funding. In recognizing the financial challenges facing Manitoba, my government is assessing the present state of financing and administration in the field of social services, and will recommend funding to provide for the legitimate needs of persons in distress and in need of care.

The future development of fitness and amateur sport programs is a concern to many Manitobans. My Ministers have established a committee of knowledgeable citizens to study the role of government in the development, funding and operation of sport and to provide them with its recommendations for future directions in this area. My Ministers are aware of the importance of physical fitness and sport programs to Manitobans, not only for the personal benefits obtained but for the wider implications in a healthier society.

My Ministers are working toward an agreement with the federal government for cost participation by that government in the provision of social services to Treaty Indians off the reserves.

The Task Force on Government Organization and Economy has conducted a wide ranging review of government departments to determine their efficiency and effectiveness. I am told the assistance of many respected members of the community was enlisted so that the structure of government operations might benefit from a fuller knowledge of managerial methods utilized in business and commerce, the professions, and other disciplines. The report of the Task Force will be laid before you at the present session. It is expected to include

recommendations affecting specific government programs and proposals concerning the organization and management of government, to the end that the efficiency of the public service and the delivery of essential services to our people is enhanced.

Agriculture continues to be the major contributor to the provincial economy. I am informed that in 1977 the estimated total value of Manitoba agricultural production reached a record sum of \$1,146,000,000. Excessive moisture conditions at harvest time, however, resulted in some reduction in quality of grains. The threat of drought last summer resulted in a record number of 18,026 farmers participating in the province's crop insurance program: that number constitutes 92.5% of those eligible. I am assured that a similar high rate of participation is anticipated for the 1978 season.

I am further informed that gross farm cash receipts for 1977 are down substantially from 1976. The decrease is attributed to lower cash receipts from farm sales and from Canadian Wheat Board grain payments.

My Ministers have noted with concern the continuing decline in grain prices which, together with higher on-farm expenses, has caused a reduction in total net farm income.

After consultation with farm organizations and other interested groups, my Ministers intend to propose amendments to The Farm Lands Protection Act which you will be asked to consider during this session.

Legislation enabling Manitoba cattle producers to institute a voluntary check-off for promotional and informational activities will also be presented for your consideration.

You will also be asked to make financial provision which will enable improvements in our transportation system to provide more effective service for the particular needs of all Manitobans, including farmers, manufacturers, and tourists.

My Ministers propose to accord fiscal priority to the establishment of all-weather road access as part of the provincial surface transportation system to northern and other as yet not adequately serviced communities, in consultation and co-operation with the communities affected and recognizing priorities on the basis of cost, population, resources served, and the total annual expenditure on highways and resource roads.

My Ministers will recommend appropriate financial measures to maintain elementary and secondary education as well as the community colleges and universities. These measures will take account of declining enrolment in the school systems and also a levelling off of enrolment in the universities. Proper funding in the educational sector is a major concern of my government.

It is also proposed to examine the structure of school programs in order to ensure that the learning process is systematic and calculated to meet the needs of our young people under current conditions.

My government is giving consideration to a pilot program within the public school system to provide instruction in languages other than English and French.

Additional employment offices will be provided to expand the number of employment opportunities offered through the Youth Secretariat.

My Ministers will introduce proposals for family law and maintenance legislation for your consideration and approval.

You will be asked to approve amendments to The Civil Service Act intended to re-define areas of political activity for public servants and to effect certain other desirable changes.

My Ministers assure me of the high regard they hold for the members of the public service of Manitoba. That service continues to carry out its duties to the people of Manitoba in a manner deserving of our recognition. My Ministers inform me, however, that fiscal constrictions facing the government have made necessary some contractions of staff in the civil service.

You will also be asked to consider amendments to The Retail Businesses' Holiday Closing Act.

My Ministers inform me that they are pursuing policies to encourage greater participation by prospectors and the mining industry in the exploration and development of Manitoba's mineral resources and to decrease direct government involvement in that activity.

You will be asked to make fiscal provision for the enhancement of our tourist industry and the continuing improvement and expansion of provincial recreation areas in all parts of Manitoba.

My Ministers tell me that they are negotiating an agreement with the federal Department of Regional Economic Expansion which will enable tourism and recreation developments to be eligible for DREE funding. If achieved, this will have the result of making more capital available and of providing more employment opportunities in our expanding service sector.

The estimates of expenditure for the public service of the province for the next fiscal year as well as the public accounts for the last fiscal year will be submitted for your consideration.

If I may deviate from my text just for a moment and it is more in the form of a prayer. May a solution be found to the unemployment situation, not only here in Manitoba but throughout Canada.

En vous quittant, je prie la Divine Providence de vous guider et d'éclairer votre jugement dans vos délibérations.

May God bless the Queen and our country.

2. caused uncertainty to spread in the private and public sectors as to levels of construction and other economic activity thereby creating in turn a no-expansion, no net new employment condition;

3. caused a downturn in employment prospects for youth and for whole regions of this province and therefore the prospect of a return to net population loss of people from this province reminiscent of 1963-65;
4. not defined its intentions in family law and in a way consistent with its commitment to honor the principles of the original legislation;
5. failed to adequately support local governments in providing services to their citizens and forcing local property taxes to be increased unduly and encouraging the greater reliance on user fees, e.g. transit fares;
6. in announcing a check off without referendum, ignored the fact that a referendum of beef producers in recent years has defeated a check off on beef cattle;
7. in announcing vague intentions to repeal farm land protection legislation, has failed to recognize the need for facilitating the entry of young people into agriculture.

Ziprick', Acting Clerk of the Executive Council . . . the Provincial Auditor, one W.K. Ziprick, is a servant of this Legislature and has certain specified duties in carrying out his work for the Legislature. On the other hand, the Executive Council has its own Clerk, who is a servant of the Executive Council.

If this is true, as suggested here, that our Provincial Auditor, the servant of this House, is acting in another capacity as Acting Clerk of the Executive Council, it does raise some very serious questions, Mr. Speaker, as to the propriety of this particular action."

PRAYERS

Hon. Mr. COSENS, a member of the Executive Council, presented:

Annual Report of the Department of Continuing Education and Manpower for the fiscal year 1977/78.

(Sessional Paper No. 81)

By leave, Mr. McKENZIE introduced Bill (No. 13) - An Act to amend An Act to Incorporate Co-operative Credit Society of Manitoba Limited, which was read a First Time.

Before Orders of the Day were entered upon, Mr. DESJARDINS rose in his place and moved:

THAT this House do now adjourn to consider a definite matter of urgent public importance, namely that the government has misled this House and the people of Manitoba through failure to make budgetary provision, as promised in the Throne Speech, "to expand the open heart surgery unit at the St. Boniface General Hospital," and by making false statements in the House and outside regarding a so-called pilot project in the Brandon area depriving senior citizens of cards entitling them to drugs, eyeglasses, hearing aids without charge.

WHEREUPON Mr. Speaker ruled as follows:

"The matter raised by the Honourable Member for St. Boniface, in my opinion, is anticipatory in nature, in that the Estimates for the Department of Health and Social Development have not as yet been examined in this Chamber, and the statement of the Member in his motion may, in fact, be irregular. There are numerous citations that I could have used in Beauséjour, instead I refer the Honourable Member to the Rules of the Legislative Assembly of Manitoba, Rule 27.5(d) in which I quote: 'The Motion shall not anticipate a matter that has previously been appointed for consideration by the House, or with reference to which a Notice of Motion has previously been given and not withdrawn.'

At the same time, I refer the Honourable Member to page 3 of the Throne Speech, paragraph 8, which reads as follows: 'As a further commitment to the maintenance of excellence in critical health fields, my Ministers inform me that they will be recommending budgetary initiatives through the Manitoba Health Services Commission, to expand the Open Heart Surgery Unit at the St. Boniface General Hospital.' An opportunity for debate will be given to the Honourable Member when the Estimates of the Department of Health come before this Chamber for consideration. I, therefore, rule the Motion out of order."

An Act to incorporate St. John's-Ravenscourt School.

(Mr. MINAKER)

Was presented.

Hon. Mr. COSENS, a member of the Executive Council, presented:

Annual Report of The Public Schools Finance Board for the year ending
December 31, 1977.

(Sessional Paper No. 82)

Before Oral Questions, Mr. Speaker made the following statement:

"On Thursday, April 20th, the Member for St. Vital raised the matter of privilege of the House at which time he indicated that an Order-In-Council #396/78, signed by W.K. Ziprick, Acting Clerk of the Executive Council, might in fact be jeopardizing the independence of the Provincial Auditor, who is a servant of the House.

I have carried out a fairly extensive investigation. I have interviewed Mr. Ziprick. I have sought the advice of Legislative Counsel, as well as Members of both sides of this Chamber.

In essence, this matter is probably a matter of potential conflict of interest. I am satisfied in my own mind that no conflict of interest has occurred as yet. I was assured by the Provincial Auditor that he never has sat at an Executive Council meeting in the role of the Clerk of the Executive Council. The Order-in-Council referred to above was signed by Mr. Ziprick only as to form.

The advice I have received from Legislative Counsel, who also interviewed Mr. Ziprick, substantiates my conclusion.

While I recognize that at some time in the future there is a possibility of a possible conflict of interest arising, I believe the individuals involved would deal with the matter when necessary. I have been assured by the Provincial Auditor that he would never compromise his role as Provincial Auditor by taking an active part in the deliberations of the Executive Council.

I have been asked to report to the House my findings which I am now doing. I feel it is beyond the realm of my jurisdiction to make recommendations.

I wish to thank the Honourable Member for St. Vital for his diligence and his concern for the privileges of the House."

Hon. Mr. JORGENSEN moved that Mr. Speaker do now leave the Chair for the House in Committee of Supply.

And the Question being put,

It was agreed to.

The House accordingly resolved itself into Committee of Supply.

IN THE COMMITTEE

Before the Committee resumed consideration of Estimates, Mr. Chairman ruled as follows:

"Last evening, the Honourable Member for St. Johns proposed a resolution for consideration by the Committee of Supply which reads as follows:

'THAT the Government give consideration to the advisability of increasing the amount in Resolution No. 18 by \$3.5 million to \$3.875 million and lapse the sum of \$5.134 million now in the unspent Capital Authority for this resolution in previous Loan Acts.'

I have now had an opportunity to consult the various parliamentary authorities and would direct the attention of Honourable Members to our Rule 54(1), which reads as follows:

'A resolution may be moved contemplating a possible future grant without being recommended to the House by a message from His Honour the Lieutenant-Governor, if it is couched in such general terms or language as merely to express an abstract opinion and is not binding upon the House.'

In view of the foregoing, I rule the motion of the Honourable Member to be in order."

PRAYERS

Hon. Mr. SHERMAN, a member of the Executive Council, presented:

Reply to Question (No. 2) asked by Mr. EVANS ON April 6, 1978:

QUESTION:

Will the Minister of Health and Social Development provide estimates of reductions in positions at the Brandon Mental Health Centre that are anticipated or planned within the next three months: That is by the end of June 1978?

Will the Minister provide these estimates separately for each department of the Brandon Mental Health Centre and broken down between treatment and non-treatment staff?

ANSWER:

It is difficult to estimate precisely the staffing level at the Brandon Mental Health Centre for June 30, 1978. However, out of a total SMY complement for the institution of 634 (not counting 27 contingency SMYs), there were 55 vacancies on May 10 of this year, as indicated in the Table below. The total was 57 on May 31st.

The Department is in the process of filling five of those vacancies, in the Bulletined category, at the present time, and has received approval that will permit it, if desired, to fill any new ones arising.

It is estimated that by June 30, 1978, staff vacancies at the BMHC will total approximately 50. Such vacancies as have occurred at the Institution are the result of attrition.

The vacancies in the various departments on March 31, 1978 and again on May 10, 1978, were as follows:

	March 31, 1978		May 10, 1978	
	Bulletin	Non-bulletin	Bulletin	Non-bulletin
Medical	4	3	4	3
Nursing	7	5	9	12
Social Services	1	-	1	-
Psychology	1	-	1	-
Other Treatment	4	1	6	2
Education	-	-	-	-
Resources	7	5	8	9
	<hr/> 24	<hr/> 14	<hr/> 29	<hr/> 26

The three non-bulletin level vacancies in "Medical" are for Clinical Clerks (Medical Students). These are not normally filled except during the summer months and my Department has just now received authority to do so for the summer of 1978.

The House resumed the Adjourned Debate on the Proposed Motion of Hon. Mr. CRAIK:

IN THE COMMITTEE

During discussion of the Estimates of the Department of Northern Affairs and Renewable Resources and Transportation Services, the Honourable Minister cited extracts from certain documents relating to the Provincial Auditor's Report for the period ending March 31, 1977 and stated that the former Minister was in possession or was aware of the information contained in the Report. The Hon. Member for The Pas subsequently tabled a letter from the Provincial Auditor dated October 5, 1977 which stated that "All matters which require attention have been or are in the process of receiving appropriate attention". The Hon. Member for The Pas asked that the Minister table the documents to which the Minister referred, but the Minister refused on the grounds of confidentiality. I have ruled that the Minister is not required to table the documents, based on a previous Speaker's ruling.

From this ruling, Mr. GREEN appealed to the House,

And Mr. Speaker having resumed the Chair,

And the Question being put,

And has agreed to report the same without amendment.

On motion of Mr. BROWN, the Report of the Committee was received.

Mr. KOVNATS, from the Standing Committee on Economic Development, presented its Second Report, which was read as follows:

Your Committee met on Thursday, June 22, 1978, to consider the Annual Report of the Communities Economic Development Fund for the year ended March 31, 1977.

Mr. Hugh J. Jones, Chairman of the Board of Directors of the Committee Economic Development Fund, provided information as desired by members of the Committee with respect to the Annual Report and current operations of the Fund.

The Annual Report of the Communities Economic Development Fund was received by the Committee as presented.

On motion of Mr. KOVNATS, the Report of the Committee was received.

Before the Orders of the Day were entered upon, Mr. Speaker made the following Statement:

Yesterday, the Member for Ste. Rose directed a question to the Speaker. I would like to refer the Honourable Member to a ruling of Speaker Hanuschak in 1970, pages 226 to 227 of the Journals in which Speaker Hanuschak refers to Beauchesne's citation 184, 4th Edition, which states as follows:

"Questions dealing with matters within the jurisdiction of the Speaker should be addressed to the Speaker by private notice, since no written or public notice of question to the Speaker is permissible."

Dealing with the subject matter of the Member for Ste. Rose, I have perused Hansards of May 12th, May 29th, June 6th, and June 21st, and I should like to refer Honourable Members to citation 157(5) of Beauchesne which states:

"It is not in order to read articles in newspapers, letters or communications emanating from persons outside of the House referring to, or commenting on, or denying anything said by a Member or expressing any opinion reflecting on proceedings within the House."

It would appear from the above citation that it can be conceived that the Minister was out of order in reading letters into the record or making reference to portion of letters. However, other citations in Beauchesne, as well as in May's, seem to contradict this particular point. I only bring this to the attention of the House so that Members may wish to consider carefully in the future the propriety of using either letters or extracts from letters in their debate.

I should also like to refer Members to citation 159(5) of Beauchesne:

"The point of order, that a Member should lay on the Table a document which he quotes, should be taken when reference is made to the document."

A careful analysis of Hansard shows that the Member for Ste. Rose did not raise this matter on May 12th. In fact, the only reference I have been able to obtain occurs in Hansard on May 29th.

It would appear to me that if the Honourable Member had wished the letters to be tabled, he should have raised the issue on May 12th, when the Minister concerned made reference to excerpts from those letters in his speech.

I therefore, have to rule that the Member for Ste. Rose has no Matter of Privilege or Point of Order.

However, I would hope that the Minister of Agriculture and the Member for Ste. Rose will be able to arrive at a conclusion which should prove satisfactory to each Member in particular, and to the House in general.

Hon. Mr. JORGENSEN moved that Mr. Speaker do now leave the Chair for the House in Committee of Supply.

And the Question being put,

It was agreed to.

The House accordingly resolved itself into Committee of Supply.

And the House continuing in Committee.

The Proceedings were interrupted at 4:30 p.m. for Private Members' Hour.

The House resumed the Adjourned Debate on the Proposed Motion of Mr. AXWORTHY:

THAT Bill (No. 6) - The Freedom of Information Act, be now read a Second Time.

PRAYERS

Before the Orders of the Day were entered upon, Mr. Speaker made the following statement:

On Thursday, June 22nd, the Honourable Member for Fort Rouge raised a point of privilege relative to remarks made by the Honourable Member for Inkster. I refer members to pages 4156 and 4157 of Hansard of that date.

The subsequent explanation given by the Honourable Member for Inkster did not satisfy the Honourable Member for Fort Rouge, at which point I, as Speaker, took the matter under advisement for perusal of the records of Hansard of June 22nd, as well as June 15th.

After a very careful review of the speeches of both the Members concerned, I must state that I fail to find any substantial evidence to support the contention of the Honourable Member for Fort Rouge. I also feel that I should point out to the Honourable Member for Fort Rouge the rulings on Matters of Privilege, as recorded in Erskine May, 18th edition, page 343 which states:

“The Matter of Privilege must be raised at the earliest opportunity.”

I find that the Honourable Member for Fort Rouge has based his Matter of Privilege of June 22nd on a statement taken from a speech of the Honourable Member for Inkster of June 15th. I believe he should have raised the matter at a much earlier date.

I must, therefore, rule the Matter of Privilege raised by the Honourable Member for Fort Rouge to be out of order.

However, in my perusal of the Hansard of June 22nd and the speech of the Honourable Member for Inkster, I do find remarks made by the Honourable Member which might have caused concern to the Honourable Member for Fort Rouge, who, not having the benefit of the printed word in front of him might indeed have been uncertain of the exact remarks made and consequently erred in referring to the Hansard of June 15th. In fact, I find the remarks of the Honourable Member for Inkster in the first line of the second paragraph of Page 4156, may indeed be untrue, wherein he says, and I quote:-

“He says that I’m a liar.”

I have carefully perused the remarks of the Honourable Member for Fort Rouge on June 22nd and April 11th and fail to find any instance where the Member has used such words as are attributed to him by the Honourable Member for Inkster, nor, in my humble opinion, have I found such inferences.

There are numerous citations in Beauchesne, May, Bourinot which list unparliamentary expressions. In particular, I refer Honourable Members to the bottom lines of Page 419 of Erskine May, 18th edition and I quote:-

"A Member is not allowed to use unparliamentary words by the device of putting them in somebody else's mouth."

I, therefore, request the Honourable Member for Inkster to withdraw the remark on page 4156 of Hansard, June 22nd and apologize to the Honourable Member for Fort Rouge for having incorrectly attributed such remarks to the Honourable Member for Fort Rouge.

On Motion of Hon. Mr. JORGENSEN:

ORDERED THAT for the remainder of the session, the House have leave to sit in the forenoon from 10:00 a.m. to 12:30 p.m., in the afternoon from 2:30 p.m. to 5:30 p.m., in the evening from 8:00 p.m. and each sitting to be a separate sitting, and have leave so to sit from Monday to Saturday, both days inclusive, and the Rules with respect to 10:00 p.m. adjournment to be suspended, and government business take precedence over all other business of the House.

AND THAT for the remainder of the session, the operation of sub rule (3) of Rule 88 of The Rules, Orders and Forms of Proceeding of the House be suspended but the report stage of any Bill shall not be taken into consideration prior to twenty-four hours following the presentation of the report of the Standing or Special Committee with respect thereto.

Hon. Mr. JORGENSEN moved that Mr. Speaker do now leave the Chair for the House in Committee of Supply.

And the Question being put,

It was agreed to.

The House accordingly resolved itself into Committee of Supply.

“THAT a Section 25(4) be included which reads as follows:

The Lieutenant Governor in Council may make regulations respecting:

- (a) the establishment of a central registry system where maintenance orders would be filed;
- (b) interim payment by the Province of the maintenance to a level at least equal to the prevailing social assistance rates or the full value of the maintenance order, whichever is less;

A point of order was raised by the Honourable the Minister Responsible for the Task Force regarding the admissibility of the proposed amendment on the grounds that the amendment should be accompanied by a Message because it proposed a draw on the Consolidated Fund of the Province of Manitoba.
